### PRACTICE HINTS

1. **ASSEMBLE YOUR INSTRUMENT CAREFULLY.** DO NOT force brass instrument mouthpiece into receiver by striking it with your hand. Be sure all woodwind cork are greased for easy assembly and that valves and slides are properly lubricated before playing.
  2. **WARM UP YOUR INSTRUMENT** by blowing air through it BEFORE you play a note.
  3. **CONDITION YOUR ENDOCHURE** by playing L-O-N-G T-O-N-E-S. Start forte pianissimo, crescendo to fortissimo, decrescendo to pianissimo on each note in one breath. LISTEN to yourself and play in time. Do not overblow on the fortissimo or allow your tone to go flat.
  4. **LIMBER YOUR FINGERS** by playing scales and exercises—slowly at first, increasing speed only as fast as you can play evenly.
- TOUR ASSIGNED LESSON** or music parts. When you play a part, stop after each note or group of notes. STOP. Make out of the music part, then play it again slowly at first, then

To Mr. John A. Meegan, for his many services, not only to the class of 1963, but to Framingham High School as a whole, and for his kindness and interest in its students, both in and out of the classroom, this, the 1963 Philomath is dedicated.

## *Principal's Message*

The world of today faces many problems and challenges. It is to you, the Class of 1963 at Framingham High School, and to the other graduation classes throughout the country, that our nation will look for its leadership, direction and accomplishment.

During your high school days you have enriched the life of your school and your community. We are proud of your accomplishments here. It is young people like you who make our schools and communities great.

Where you will be ten years from now depends largely upon yourself. There are no short cuts to success. Your future accomplishments will depend on the degree to which you plan wisely, think carefully, and work diligently.

You must strive to establish for yourself the finest possible reputation in matters of character and integrity. The far-reaching effects of these on your future happiness cannot be overemphasized.

The faculty, administration, and office staff wish you much happiness in your undertakings.

*Ralph J. Martin*

## *President's Message*

In our four seemingly short years here, Framingham High School has probably undergone more changes than in the last twenty. We welcomed a new administration as sophomores, advanced placement courses and IBM programming as juniors, and the National Honor Society as seniors. Although significant, these are not, however, the changes that have most influenced our high school days. They are, instead, those which have accompanied our fast-growing town.

In September, 1959, we entered Framingham High, a school of sixteen-hundred pupils; we leave it a school of twenty-four hundred. This fifty per cent increase in enrollment has necessitated an annual change in scheduling, and the building of a new high school at Winch Park. Since this school is to be occupied next year, ours will be the last class to graduate from a consolidated Framingham High School.

The accomplishments of the members of our class have been outstanding. We thank the administration and the faculty for their counsel and help in our successful undertakings.

May the passing years bring each of you luck and happiness.

Sincerely,

*Paul Bianchi*

# Council

The main concern of the Framingham High School Student council is to be an active liaison between the student body and administration. This task has been made difficult by the obvious barrier of a double schedule. Therefore, the organization of two separate councils was necessitated. The activities of both councils were presented to the entire school community with the hope that a unity could be evolved.

Mr. Richard Dargan, advisor to the Junior-Senior Council, greatly aided the officers under President Susan Bryant in designing a program to better serve Framingham High School students. The Freshman-Sophomore Student Council, under the leadership of Mr. Zaido and President Tom Gardiner, has given enthusiastic representation to the sophomore and freshman classes.

President Pete Burnim

The International Relations Club, under the leadership of Mr. O'Brien, has attempted to gain a knowledge of the current world through the study of National and International Events. In addition to a program of five guest speakers the club has been working closely with the Framingham chapter of the American Field Service, acting as liaison between that group and the High School.

Lilia Popovich with her American sister Muffie Purington

This is the moment I have been thinking about all year long, the time to say good bye. I feel very sad to leave this marvelous country and this wonderful high school.

All the new things that I learned here, and all the pleasant moments that I have had make this year one of the greatest of my life. I am sure that I will never forget my experiences and all the friends I have made.

I want to tell you thanks for being so nice and giving me all the happiness that I found. Lots of love to a big memory.

The Framingham High School Debating Club was established last year to introduce its members to the practice of formal debate, as well as to provide them with a forum for the expression of their own ideas. Among the topics debated this year; "Large schools of higher education are more advantageous to learning than small schools," and "There should be a major change in government in the Town of Framingham."

With the help and planning of the faculty advisor, Mr. Honeywell, the Debating Club has tried to extend understanding and appreciation of the art of effective debating.

# Honor Society

Early this year, Framingham High School was awarded a charter for a National Honor Society, established to honor outstanding students throughout the country. Over thirty Framingham seniors were selected by a faculty council under the guidance of Mr. Ciccolo and Miss Lyons, on the basis of scholarship, character, leadership and service.

The National Honor Society stimulates these qualities in students: Membership is lifelong, and members are bound to strive toward raising secondary school standards.

# A TELEPHONE JOB OPENS UP A BIG FUTURE FOR ANY GIRL

When you graduate it's wonderful to have a telephone job waiting for you. You'll love the friendly new people you meet. And you'll like the excellent salary, the regular increases, the opportunities for advancement and the many additional benefits that make working for the Telephone Company so attractive to so many young people.

Telephone jobs are important ones. We have our own training program which you can enter without any previous job experience.

Why not come and see our employment interviewer soon . . . before you graduate. Ask the Guidance Counselor at your school to tell you when and where to apply.
